Communicate to the larger community how education improves everyone's quality of life	- Social Media messaging relaying the importance of education (sound bites) - Share with the community about former students and their careers - Provide opportunities for students to explore careers and to visit a variety of post-secondary institutions	
Institute supportive attendance policies and procedures	- Research the work of other school divisions such as Rocky View - Provide messaging about why attendance matters on social media	
Teachers provide focused work to increase achievement in literacy and mathematics	- Teacher use data gathered from HLAT, F&P, MIPI, Edu Best to guide instructional practice - Teachers in junior high adopt a writing program for a consistent approach to teaching writing.
