Hillside Awards Night

Principals Message

Hillside's annual awards night is always a highlight for our school and community. It was a night to celebrate talent, dedication and academic achievement. From academic excellence and leadership to artistic creativity and community service, Hillside students have shone brightly across diverse fields, earning accolades and applause from both peers and educators. This event was not just about acknowledging academic achievements; it was also a celebration of character, integrity and spirit that fuels these young minds as they embark on their journey towards a brighter future. It was a great pleasure to come together as a community to honor, support, and encourage our remarkable junior and senior high school students. Congratulations to all of the award recipients on a job well done, we are proud of you.
